Our mission of Making Communities Healthier® has always been central to the contributions we make to the Dan River region. As our area found itself impacted by the COVID-19 pandemic, that mission became even more critical to the well-being of our community. We are proud to be part of a national healthcare network that provided quality care for more than 20,000 COVID-19 patients in 2020 – including those here at home. LifePoint Health’s continued support – and yours – allows us to create places where people choose to come for healthcare, physicians want to practice and employees want to work. As we look ahead to a bright future, we look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

— Alan Larson, FACHE, Market President and CEO

## In 2020, we...

...added 22 employed and affiliated providers

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in OB/GYN, emergency care, pediatrics, orthopedics, radiology, anesthesiology and hospital medicine.

...made more than \$4.8 million in capital improvements

**By continually investing in our facilities**, we’re helping to ensure that we continue to meet our community’s healthcare needs. This year’s investments included a new MRI unit, new surgical equipment for ENT and spine surgeries, new EKG machines and a new sonography school.

...distributed a payroll of \$79,041,597 to more than 1,100 employees

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated nearly \$27 million in services to those in need

**Delivering care to all of our neighbors**, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$11,717,623 in taxes

**We are proud to be a leader in our region**, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

**Sovah Health staff** wrote Letters to COVID during hospital week in 2020 and buried them in a time capsule for the future.

**Sovah Health** teamed up with the community and first responders to provide a parade in honor of our healthcare heroes.
