Our role as a leading provider of healthcare and economic support for our neighbors is driven by our mission of Making Communities Healthier. We are privileged to call this vital community home and proud to be part of a national diversified healthcare delivery network that allows us to continue to enhance how we care for those we serve.

In 2021, we...

...added 10 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in hospital medicine and orthopedics.

...made more than \$2 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included in-house COVID-19 testing technology, mammography services upgrades and facility equipment upgrades.

...distributed a payroll of \$56,031,492 to more than 670 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated nearly \$17 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$11,329,924 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

We are grateful our staff was among front line healthcare workers to receive the Jack Dalton Award.

We were proud to be part of COVID-19 vaccination efforts in our communities.
